To ensure all PP and other 'in need' children receive support to improve well-being and 'Gross Bealings Happiness'.	Identified children within the school are experiencing social and emotional difficulties for a variety of reasons. Bealings places the development of wellbeing and happiness as its prime objective. A stressed and anxiety ridden mind is a major barrier to learning. We aim to remove (or at least lower) this barrier in order to allow the children to be	On-site psychotherapist 1 day per week. Whole staff commitment to well-being. Development of Bealings as 'family' through communication, openness and removal of 'voice of judgement'.	All children experiencing social and/or emotional difficulties will have access to on-site psychotherapist for as long a period as deemed necessary. Pre and post assessments (carried out by psychotherapist and class teacher) will demonstrate improvements to targeted issues.	£2962

<p>To ensure all PP children attend school excursions and residentials, regardless of cost. In doing so they will receive the same rich cultural and educational experiences as their peers.</p>	<p>Historically many PP families have struggled to fund trips and most notably the more costly residentials in years 5 and 6.</p> <p>This has caused unnecessary stress for families wishing to provide their child with the same cultural experiences as his or her peers, and can cause the child to feel embarrassed or worried. In some cases families have felt unwilling to ask for 'help' and the child has not attended the trip.</p>	<p>All PP families will be funded for trips (including residentials) as a matter of course.</p> <p>School office to be aware of PP children when sending out information regarding trips and residentials.</p> <p>Parents will not be billed for such out of school events.</p>	<p>All children will attend excursions and week-long residentials.</p>	<p>Payment for Year 5/6 pupils to attend residential £1125</p> <p>Termly school trips for all pp children estimated £420</p> <p>Total £1535</p>
