Bealings School

Acceptable Use Policy for all staff, governors, volunteers and visitors

Our school promotes the positive use of technology in school and assists in developing pupils' knowledge and understanding of digital devices and the Internet. We ensure that our school IT network is robust and resilient and staff have a duty of care to safeguard pupils when using technology in school. Any misuse of technology by a pupil, member of staff or visitor must be reported to the Designated Safeguarding Lead, so an investigation can take place.

This is the Acceptable User Policy (AUP) for our school. It highlights the do's/don'ts of using all technology in school and shows how we want all to behave when using IT. The AUP covers the following legislation:

- Malicious Communications Act
- Data Protection Act 2018
- GDPR 2016
- Computer Misuse Act 1990
- Communications Act 2003
- Sexual Offences Act 2003

Please read carefully and sign at the bottom to show you agree to these terms.
